

ERNSI

**European Research Network System Identification
 WORKSHOP 2009
 Stift Vorau, Austria, September 30 to October 2, 2009**

Workshop Program

Wednesday 30.09.1002

11:00 – 12:30	Registration
12:30 – 14:00	Lunch
14:00 – 14:15	Welcome
14:15 – 15:15	Benno Pötscher (SEAM): Model Selection, Penalized Maximum Likelihood, and Inference
15:15 – 15:45	Håkan Hjalmarsson (KTH): White paper progress and discussion
15:45 – 16:15	Manfred Deistler (EOS): Generalized Dynamic Factor Models
16:15 – 18:00	Coffee Break & Poster Session
18:00 – 18:30	Guided tour through the Stift
18:30 – 19:30	Dinner

Thursday 01.10.2009

09:00 – 10:00	Håkan Hjalmarsson (KTH): System identification of complex systems
10:00 – 10:30	Gianluigi Pillonetto*, Alessandro Chiuso (Padova) and Giuseppe De Nicolao (Pavia): The kernel-based nonparametric approach to linear system identification
10:30 – 11:00	Mattia Brunetta (Padova): Discrete Mechanical Systems: Second Order Modelling and
