Call For Papers

The organizing committee invites abstracts on structural fire engineering topics. The abstract should be about 250 words in length and must provide a clear summary of the proposed paper. It should include the title of the paper and full contact information of the authors. It should also contain sufficient information for reviewers to assess whether the proposed topic is in the scope of the conference and whether the abstract has sufficient and relevant new information. The abstracts, depending on the topic, have to be sent to:

Contact person	Email Address	Subject Area
Jean-Marc Franssen	jm.franssen@ulg.ac.be	Numerical modeling
Andy Buchanan	andy.buchanan@canterbury.ac.nz	Timber structures and fire protection materials
Paulo Vila Real	pvreal@civil.ua.pt	Steel and composite structures
Venkatesh Kodur	sif10@egr.msu.edu	Concrete structures and any other topics
