

function & form

planning and/or analysis

talks

TU institute of science and technology department of informatics

room no. 109

tuesday 8th november 4.30 pm

lorenz, wolfgang

iemar.tuwien.ac.at

fractal geometry & architecture

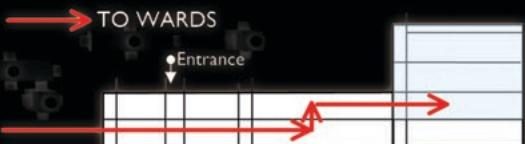

- box-counting method
- analysing tool

wurzer, gabriel

iemar.tuwien.ac.at

process visualization for
hospital planning

- functional optimization in early design stages
- process simulation in the architectural schema
