TACT 2015 International Thin Films Conference

News

▶ [Poster program book.pdf](#) HOT

▶ [Poster Awards of TACT2015](#) HOT

▶ The deadline for manuscript submission to the TACT2015 special issues (TSF and SCT) has been extended to 24:00 Taiwan Time (GMT+8) on **November 30** and Please visit this link address: <http://tact2015.conf.tw/site/page.aspx?pid=110&sid=1051&lang=en> to see the Term and Regulation of Full Manuscript Submission. HOT

▶ **For paper presented in Symposium A, B (not mechanical property related) and C, please submit it to Thin Solid Films (TSF).** HOT

▶ **For paper presented in Symposium B (mechanical property related), D, E, and F, please submit it to Surface and Coatings Technology (SCT).** HOT

▶ **For paper presented in Symposium G, please check the scope of your paper with that of SCT or TSF carefully, and then submit it to the close related Journal, Thin Solid Films or Surface and Coatings Technology.** HOT

▶ Reminder to submit your full manuscript before **November 10, 2015** and Please visit this link address: <http://tact2015.conf.tw/site/page.aspx?pid=110&sid=1051&lang=en> to see the Term and Regulation of Full Manuscript Submission.

▶ 9月1日起開始開放廠商攤位選位及廣告繳交, 會依照繳費順序來選位, 久候之處敬請見諒

▶ The TACT2015 special issues will be published in prestigious journals of Surface and Coatings Technology (SCT) and Thin Solid Films (TSF)

▶ **材料學門計畫主持人座談會**
will be on 11/16 (Monday), from 15:30 to 16:30, at 1st Lecture Room

▶ 104年專題計畫的成果發表

**Nov. 15~18, 2015,
National Cheng Kung University, Tainan, Taiwan**

Welcome Message from President of TACT

Since TACT was established in December 1998, we are happy to celebrate her 17th birthday this year. This association has organized four international conferences so far, including Asia CVD 2005, TACT 2009, TACT 2011, and TACT 2013. TACT 2015 will be the fifth one. This TACT 2015 will be held from November 15 to 18, 2015 at National Cheng Kung University in Tainan, Taiwan.

As a continuity from 2009, 2011, and 2013, TACT 2015 is the fourth one in the row as the important biennial events for knowledge exchange and interactive platform for researchers and engineers from academia and industry. The TACT 2015 will cover a wide spectrum of aspects related to thin film and coating technologies for sustainable energy, semiconductor, optoelectronic, tribological, organic, biological, protective, and functional coatings.

The TACT 2015 features seven important symposia, namely

- A. Coatings for sustainable energy (CSE)
- B. Nanostructured and nanocomposite coatings (NNC)
- C. Semiconductor and optoelectronic films(SOF)
- D. Tribological and protective coatings (TPC)
- E. Organic and biological coatings (OBC)
- F. Metallic coatings (MC)
- G. General subjects related to thin films and coatings (GS)

A group of internationally well-known scholars will be invited to deliver plenary and keynote speech in TACT 2015, as the following list.

- 1. Prof. Joseph E. Greene, University of Illinois, USA
- 2. Prof. Ivan Petrov, University of Illinois, USA, Linköping University, Sweden
- 3. Prof. Masaru Hori, Nagoya University, Japan.
- 4. Prof. Jeon Geon Han, Sungkyunkwan University, Korea.
- 5. Prof. Jorg Patscheider, EMPA, Switzerland.
- 6. Prof. Paul Mayrhofer, Vienna University of Technology, Austria.
- 7. Prof. Jindrich Musil, University of West Bohemia, Czech Republic.
- 8. Prof. Claus Rebholz, University of Cyprus, Cyprus.
- 9. Prof. Samir Aouadi, University of North Texas, USA.
- 10. Prof. Jochen Schneider, RWTH Aachen University, Germany

It is expected that there will be more than 700 abstract submissions for invited and contributed oral as well as poster presentations from domestic and abroad. The TACT2015 special issues will be published in prestigious journals of Surface and Coatings Technology (SCT) and Thin Solid Films (TSF)

It is our pleasure to announce the TACT 2015. We would like to cordially invite you to TACT2015. Tainan is the old capital of Taiwan and full of cultural merits. Hope to see you in Nov. 2015.

Jenq-Gong Duh, Ph.D.

President of TACT (Taiwan Association for Coatings and Thin Films Technology)

TACT 2015 is organized by the following international academia societies:

Taiwan Association for Coating and Thin Film Technology (TACT)
National Cheng Kung University
Thin Film Society, Singapore

TACT 2015 is endorsed by the following international academia societies and Governments:

American Vacuum Society (AVS)
Mexican Society of Science and Technology of Surfaces and Materials
Korean Vacuum Society (KVS)
Materials Research Society-Korean (MRS-K)
Ministry of Science and Technology, Taiwan
Ministry of Economics, Taiwan
