# 都市鱼建筑小组的妙语 Architectural footnotes by urban fish

个原则指导下,城市的概念发展为新的 都市地形。我们努力的结果就是建筑成 为风景,风景成为建筑;我们的建筑是 现代化的检测标准: 我们做的每一件事 都是可能实现的。■

### Five sentences about the philosphy of our office

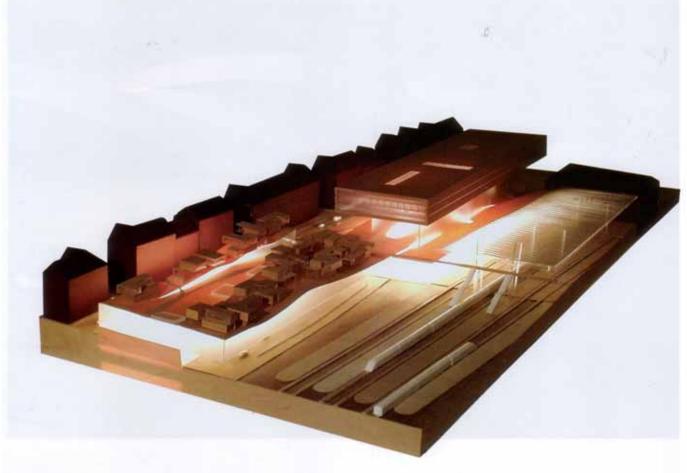

Architectural footnotes by urban fish. We lay down the thesis: "Form follows nature". Under this principle we tend to develope our concepts about cities as new urban building becomes a landscape, or the landscape becomes a building. We declare our architectures to be a testing of the very edge of modernity, and yet everything we do is possible.
