About this book

This book constitutes the proceedings of the KR4HC 2010 workshop held at ECAI in Lisbon, Portugal, in August 2010. The 11 extended papers presented were carefully reviewed and selected from 19 submissions. The papers cover topics like ontologies, patient data, records, and guidelines, and clinical practice guidelines.

Content Level » Research

Keywords » cluster analysis - data mining - digital libraries - health care - health records - information systems - interoperability - knowledge acquisition - medical images - patient data - semantic web
