

QUAY ATTRACTIONS

In an earlier time, it buzzed with trading activity, but today's visitor to Clarke Quay experiences a vibe of a different kind. The warehouse complex along the Singapore River is home to more than 50 retail, dining and entertainment outlets. Excitement's always in the air, and not just from the reverse bungy ride, which catapults its occupants 60m in the air at 200kph. Catch the action this October and be a part of the Oktoberfest (Oct 11-14) for an immersion into German music, special beers, contests, sausages and red cabbage... no one will go hungry or thirsty! ■
