

CH2126 – Guest lectures in week 23

by Dr Peter Weinberger,
Institute of Applied Synthetic Chemistry
Vienna University of Technology

Fe(II) spin crossover chemistry

Tuesday 26th March 2019 at 2pm in MB404B
Thursday 28th March 2019 at 2pm in MB559

Please note that this lecture is scheduled as part of the CH2126 lecture series, however, the material covered in Dr Peter Weinberger's lecture is not exam material unless the material was also covered by Dr Petra van Koningsbruggen.
